Choeur Nicolas de Grigny

Its name coming from the famous representative of the 18th century French Organ school, the “CNG” was founded in 1986 by Bernard de Quillacq.

Directed by Jean-Marie Puissant, its size varies from the quatuor to The Great Symphonic Choir.

Invited by many festivals (Canterbury, Art Sacré de Paris, Cathédrales En Picardie,...), the “Choeur Nicolas de Grigny” collaborated with famous artists and orchestras such as David Coleman, Michel Corboz, Lee Sun Young, Wilhelmenia Fernandez, the London Symphony Orchestra, l’Orchestre National d’Ile de France, ...

Our most grateful thanks to **Father Jean-Marie Guerlin**, priest of Saint-Jacques church de Reims, who gave his autorisation for this very particular concert, and to **Jean-Marie Puissant**, choir director who accepted the CNG to sing today in this beautiful monument and superb church.
